

NORMAN[®]
SHUTTERS. BLINDS. SHADES.

PerfectSheer
Smart. Fresh. Different.

WOVEN SEAM CONSTRUCTION -

PerfectSheer's three layers of fabric are woven together for beauty, functionality and reliability. Most manufactures join their fabrics by either gluing, sewing or heat fusing.

SUPERIOR LIGHT CONTROL AND PRIVACY -

PerfectSheer's unique and innovative combination design offers the tightest vane closure of any shade in its category for superior light control and privacy. Match PerfectSheer's opacities to suit your needs. Light filtering for an ambient glow or room darkening for maximum light control.

DECORATIVE TOP TREATMENTS -

Select from a number of decorative top treatment options for an elegant finished look.

LIGHT GUARD - Light Guard is an innovative, reveal mounted window solution that blocks light from coming in at the top and sides of the window opening. Custom made to help you achieve maximum window coverage from edge to edge.
